| <b>Web Designing Internship</b><br><i>Jellysoft pvt</i>                                                                                                                                                                                                                                                                                                                                                              | May 2024<br><i>Thoothukudi</i> |
| <ul style="list-style-type: none"><li>Built interactive websites using HTML, CSS, and JavaScript with cross-browser compatibility.</li><li>Implemented mobile-first responsive layouts improving user experience across devices.</li><li>Collaborated with developers to build front-end modules and integrate into live products.</li><li>Used Git and GitHub for team collaboration and version control.</li></ul> |                                |

## PROJECTS

---

|                                                                                                                                                                                         |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Portfolio Website</b>   <i>HTML5, CSS3, JavaScript, Responsive Design, Git, GitHub</i>                                                                                      |
| <ul style="list-style-type: none"><li>Designed and developed a responsive personal portfolio website.</li><li>Implemented structured layouts using HTML, CSS, and JavaScript.</li></ul> |
| <b>Online Quiz Web Application</b>   <i>HTML, CSS, JavaScript, DOM Manipulation, Web Development</i>                                                                                    |
| <ul style="list-style-type: none"><li>Developed a web-based quiz application with score evaluation.</li><li>Used JavaScript for dynamic content handling and result display.</li></ul>  |

## TECHNICAL SKILLS

---

**Analytics Tools:** Excel / Google Sheets (Pivot Tables, VLOOKUP, Data Cleanup, Visualization), Basic SQL, Familiarity with dashboards and reporting  
**Languages:** Java, Python, C, C++, SQL, JavaScript, HTML/CSS  
**Developer Tools:** Git, Git Hub, Google Cloud Platform, VS Code  
**Libraries:** NumPy, Pandas, Matplotlib

## ACHIEVEMENTS

---

- Presented a paper titled "Blockchain" at the SRMN College, Sattur
- Secured 2nd place in Quiz Competition at G.Venkataswamy Naidu College.
- Participated in a Web Development Hackathon at A.K.D. Dharma Raja Women's College, Rajapalayam.
